

“For I know the plans
I have for you,”
declares the Lord.
“Plans to prosper you
and not to harm you,
plans to give you
hope and a future.”

Need Help?

Soon you'll be making some very important decisions – ones that will affect you and your child for the rest of your lives.

Angels' Cove is here for you. We provide professional care and practical planning during this important time in your life.

Our professional, experienced and caring staff can help you face these difficult decisions.

Perhaps getting pregnant was a mistake, but abortion can be a bigger one.

Take the time to make a loving choice, a choice you can live with.

**“Every Life Created,
A Promise, A Purpose...”**

Considering Adoption

Considering adoption means that you are concerned about being a good mother – wise enough to realize that you might not be ready to raise a child at this time in your life. You may be concerned with what your family and friends will think of your decision. **The most important thing is what you feel is best for you and your baby.**

An adoption decision can be made at any time during pregnancy or even after the baby is born.

Adoption Support Services

You may choose the family you would like to raise your child. Our compassionate staff will assist you in making this choice. We have many wonderful Christian couples who desperately desire to be parents. All have been thoroughly screened and educated regarding adoption. Various degrees of *'openness in adoption'* are offered as a part of your adoption plan.

Housing – We can provide you housing here at Angels' Cove during your pregnancy.

Counseling – Someone will be here for you before, during and after your pregnancy and delivery.
